## NEEDLE IN A HAYSTACK

Joni is a jumpy girl who loves her skipping rope  
She skips in summer, spring and fall and even in her  
winter coat  
One day she lost her favourite toy, thought she'd never get  
it back  
But a rope is not as hard to find as a needle in a haystack

### CHORUS

You gotta stop, take a breath  
Close your eyes, put your hands on your thighs  
Get ready to take the next step  
Now you look, look real close  
With your eyes open wide, look in and outside  
Check the place you go to the most  
Then you think, think real hard  
Where was I last, who can I ask  
Did I remember to check the backyard  
Now take a break, lets change gears  
Do something fun, jump skip and run  
And suddenly guess what appears?

The skipping rope was in the bath tub!

Owen is a lanky lad who collects some shiny stones  
His favourite is a purple one with blue and yellow tones  
One day he lost that tiny rock from a hole in his backpack  
But a purple rock stands out much more than a needle in  
a haystack

### CHORUS

You gotta stop, take a breath  
Close your eyes, put your hands on your thighs  
Get ready to take the next step  
Now you look, look real close  
With your eyes open wide, look in and outside  
Check the place you go to the most  
Then you think, think real hard  
Where was I last, who can I ask  
Did I remember to check the backyard  
Now take a break, lets change gears  
Do something fun, jump skip and run  
And suddenly guess what appears?

The rock was in his left boot!

Sally is a cockatoo with a lovely little bell  
She rings it every single day as far I can tell  
But one day she couldn't find her bell to give it its daily  
whack  
But a bell is easier to find than a needle in a haystack

### OUT CHORUS

So let's look in, let's look out, let's look up and around  
We may find what we've lost will turn up and be found  
Let's look in, let's look out  
Let's look down, let's look up  
We may find what we've lost will turn up

So let's look in, let's look out, let's look up and around  
We may find what we've lost will turn up and be found  
Let's look in, let's look out  
Let's look down, let's look up  
We may find what we've lost will turn up
