

There are dogs out there with fur all covered in spots
And some have hair that's curly and tangled in knots
Some dogs learn how to help some people to see
We want to help our dogs live happily

CHORUS

Is it your doggy day?
Is it my doggy day?
Well then who's doggy day is it anyway?
Every dog has its day
Is it your doggy day?
And what doggy way can we celebrate?

Weiner dogs walk low to the ground
(dogs, dogs, dogs)
Great Danes are the tallest dogs around
(dogs, dogs, dogs)
Sheepdogs, well they look a lot like sheep
(dogs, dogs, dogs)
And every dog needs a good night sleep

CHORUS

Is it your doggy day?
Is it my doggy day?
Well then who's doggy day is it anyway?
Every dog has its day
Is it your doggy day?
And what doggy way can we celebrate?

Huskies pull us through the ice and snow
(dogs, dogs, dogs)
And Pointers point out which way to go
(dogs, dogs, dogs)
Dogs can't clap 'cause they have paws
(dogs, dogs, dogs)
So it's up to us to provide the applause

CHORUS

Is it your doggy day?
Is it my doggy day?
Well then who's doggy day is it anyway?
Every dog has its day
Is it your doggy day?
And what doggy way can we celebrate?

How about this...

Balls and sticks and doggy treats
Doggy walks down doggy streets
Doggy parks, a place where we can run and sniff and howl
and bark, Awoooo!

Pugs, Poodles, Pomeranians and Pekingese
(dogs, dogs, dogs)
Chihuahua, Chow Chow, Corgi and Maltese
(dogs, dogs, dogs)
Bulldogs, Boxers, Collies and Scottish Terriers
(dogs, dogs, dogs)
Labradoodle, Whippet, Schnauzer and Weimaraner

CHORUS

Is it your doggy day?
Is it my doggy day?
Well then who's doggy day is it anyway?
Every dog has its day
Is it your doggy day?
And what doggy way can we celebrate?
